Dear Sirs

QUALIFICATION FOR GAS SERVICE WORKER

Currently, applicants for a gas service worker licence must hold a Builder Certificate in Plumbing and Pipefitting, have successfully completed the Gas Service Workers Course conducted by the BCA Academy, and have at least 2 years' experience relevant to the work to be performed by a gas service worker.

2 We are pleased to inform you that with immediate effect, holders of Diploma in Mechanical Engineering who have successfully completed the Certificate in Gas Technology Course and have at least 2 years' relevant experience are now eligible to apply for a gas service worker licence. The Certificate in Gas Technology Course is a new course conducted by the BCA Academy which includes theory and practical training in gas technology, gas installation and gas equipment.

3 Should you need further clarification, please contact Mr Islahin at Tel: 63767591 or Mr Chow Chin Choeng at Tel: 63767582, or send your email to ema_rd_elise@ema.gov.sg. You may also visit the EMA's ELISE website at http://elise.ema.gov.sg for more details.

Yours faithfully

YEO YEK SENG
DEPUTY CHIEF EXECUTIVE
